*Wildlife Photographer of the Year* is developed and produced by the Natural History Museum, London.

### Fashion Photography

S5–S6 Higher Photography or Art & Design  
**National Museum of Scotland**

This 1.5 day workshop is spread over two consecutive weeks:

Mon 25–Fri 29 Sep & Mon 2–Fri 6 Oct 2017

Learn the skills you need to prepare for your own fashion shoot with one day at the museum and an afternoon at Stills: Centre for Photography. Work with professional photographers from Stills to explore approaches to lighting, composition and styling.

Pupils will:

- Be given opportunities to shape their own learning through selecting the location of their shoot and the styling of their models.
- Have unique access to a range of costumes and props from the museum handling collections to use in their photographs.
- Become familiar with the latest photography equipment, provided by Stills, such as Digital SLR cameras (Canon 600D) and studio lighting equipment (Bowens Flash units).
- Work with a professional photographer to create studio and environmental shots.
- Develop ICT skills using iMac workstations with Adobe Photoshop (CS6) and Lightroom.
- Engage with future career opportunities by working with experienced photographers and in professional environments.
- Have their final work curated and exhibited at the National Museum of Scotland and receive their printed photograph afterwards.

### Fashion at the Museum

S4–S6

National Qualification, Higher or Advanced Higher Art and Design

**National Museum of Scotland**  
Mon 4 Dec 2017

Our *Fashion and Style* gallery is the inspiration for this unique event. Curators will discuss the social and cultural influences on key pieces within the gallery and designers will talk about the materials, techniques and technology used in their work. A series of workshops will also allow pupils to explore themes such as fabric design, fashion illustration, and careers linked to the fashion industry.

10:00–15:00

£3 per pupil

Max. 20 pupils from each school

### Materials Handling Box

Free!

S4–6

National Qualification, Higher or Advanced Higher  
**National Museum of Scotland**

Throughout the year, please get in touch to check availability

This new teacher-led handling box will allow pupils to discover more about Material Science through hands-on and gallery-based activities which explore both familiar and unusual objects from across the museum.

- Explore a range of traditional and non-traditional materials used in a selection of museum objects and examine how their individual properties have made them uniquely suited to their purpose.
- Examine samples of new and emerging materials and explore how their properties could be used in current and future technologies.
- Compare the design of everyday objects to discover how social, environmental and technological changes have influenced their development.

60 minutes

Max. 33 pupils per group

### Jewellery Handling Box

Free!

S5–6 Higher or Advanced Higher  
**National Museum of Scotland**

Throughout the year, please get in touch to check availability

This collection contains contemporary jewellery and technique samples. Pupils can evaluate how the jewellery is made, investigate the materials, speculate about the concept behind it and try wearing each piece. This collection spans from the late 1990s to the early 2010s.

Included in the box are:

- 23 pieces of contemporary jewellery
- Makers and jewellery pieces booklet
- Films exploring different creative processes and techniques
- Discussion cards
- 18 pieces exploring different techniques
- Technique sample booklet
- Keyword glossary
- Activity booklet

The handling notes and the activity booklet are available to use before your visit. This collection can be used as an art and design resource or as a resource for photography students to take photographs within the museum.

Between 45 and 75 mins (flexible)

Max 33 pupils per group
